

Enabling Integrated, Interactive & Intelligent Manufacturing

Sarla Advantech Pvt. Ltd. (part of ATS Global B.V., The Netherlands) is the Independent Solution Provider for Smart Digital Transformation. We provide customized IT-enabled smart manufacturing solutions to streamline and optimize operations.

Helping customers across 10+ industry verticals to:

- Increase productivity
- Make informed decision making
- Meet regulatory compliances
- Reduce cycle time
- Optimize production and operational cost
- Accelerate time to market

Full Lifecycle Offerings

Solution Architecture

Product Supply

Product Implementation

Migration and Upgrade

Technical Training

Technical Support

Our core business areas of operations include:

- Industrial Automation Software & Solutions
- Manufacturing Intelligence Solutions
- Plant Integration Solutions
- Industrial Connectivity and Internet of Things (Industrial IoT)

We enable our customers to streamline and optimize their operations. We connect disparate systems from shop floor to enterprise levels improving the responsiveness of assets and systems. This helps organizations to reduce process cycle time and enhance Return on Investments (RoI).

Our engineers are specialists in executing systematic and seamless plant automation solutions. We offer integrated plant IT services and solutions that enable our customers to create a world class manufacturing environment ready for smart manufacturing and industry 4.0.

Presence across 10+ Industries

Pharmaceutical and Life Sciences

Food & Beverage and FMCG

Aerospace and Defense

Automotive

Energy and Power

Infrastructure and Utilities

Chemicals

Cement

Oil and Gas

Metals and Minerals

Partners in India and Middle East for Global Brands

GE Digital

GE Digital and Predix IoT Platforms Solutions

SAP Manufacturing Intelligence Solutions

kepware®

Industrial Connectivity Solutions

WERUM
KÖRBER SOLUTIONS

Manufacturing IT Solutions for Pharma

Products and Solutions

Products

- HMI / SCADA
- Data Historian
- Web-based Real Time Analysis
- Industrial Connectivity
- Change Management
- IoT Gateway
- Alarm Notifications
- Batch Management Software

Solutions

- Data Acquisition Solutions
- OPC Enablement Solutions
- Remote Monitoring
- Manufacturing Execution System
- Plant Information Management System
- Real-time Operational Intelligence
- Plant to Business Integration
- Pharmaceutical Validation

Our Value for Customers

What we do?

Connect systems from shop floor to enterprise levels

Integrate discrete production and Supply Chain Management processes

Enable near real-time visibility of the production and quality data

Seamless introduction of paperless lean manufacturing systems

How does it help our customers?

Accelerate time to market and improve return on investment and assets

Improve responsiveness to dynamic market demands

Address production and quality errors before they cost your business

Standardize business operations and help to comply with regulations

Sarla Advantech Pvt. Ltd. (part of ATS Global B.V., The Netherlands) is an ISO 9001:2015 and CSIA, USA certified Engineering house. With a team of 350+ engineers in India, we are the leading Engineering Services and Software Solutions providers. We have deep domain knowledge in Industrial Automation, Manufacturing Intelligence, Industrial IoT and Plant Data reporting.

ATS Global is The *Independent* Solution Provider for Smart Digital Transformation world-wide. We provide products and services for all three levels of the automation pyramid; control, execution and information with over 900 people and offices in 25+ countries.
